ABBREVIATIONS

K=knit

P=purl

CO=cast on

Cont=continue

BO=Bind off

St(s)=stitches

M1=make 1. A type of increase. Move the loops on the pegs to create an empty peg where you need the increase. Reach for the ladder going from one peg to the other, twist it and place this loop on the emptied peg.

k2tog=knit two stitches together. Move the stitch from the first peg over to the second peg. Treat both loops as one and knit them together.

SSK=knit two stitches together. Move the stitch from the last peg over to the peg before last. Treat both loops as one and knit them together.

Pattern notes

The pattern is worked as a flat panel then assembled into a little shoe shape. When the pattern calls to cast on stitches at the beginning of the row, use the wrap method to cast on the additional stitches. Decreasing rows: simply move the loop from the

Baby Slippers

outer peg to the peg next to it, example: from peg 1 to peg 2, from very last peg to the peg before last. Work both loops as one when working the stitch. Entire pattern is worked in garter stitch (knit one row, purl one row).

The little bow string was crochet. You can substitute with a piece of ribbon.

When seaming, use the mattress stitch to seam the little slipper.

ASSEMBLY

Using the mattress stitch, seam the side of the upper to the sole area. Mattress stitch the heel area last.

Weave ends in.

Steam block gently.

Baby Slippers

Pass crocheted chain through the edge stitches on each slipper, arrange the ends of the chain so that they are to the side of each slipper. Make a little bow. Secure the little bow in place with matching thread and needle.
