Video Pattern

Option: If using the rib stitch taught by KB, Video, then the 'Inverted Rib Stitch' starts stitch on peg 2 instead of peg 1. This will alternate the rib stitch.

NOTES

Amanda's Honeycomb Stitch uses the rib stitch, wrapping in a figure 8 method, which is different from rib stitch taught by KB. Work with manner you feel most comfortable. Rib stitch video of both methods are included. The stitch pattern used in the pattern is also known as 'Honeycomb'.

ABBREVIATIONS

RS = Double Knit Ribbed Stitch (rib stitch begins on peg 2)

IRS = Inverted Ribbed Stitch (an alternate rib, begins on peg 1)
