**ASSEMBLY**

With the front piece facing down and starting at the inside between the ears, place 5 to 7 slipped edge stitches back on the pegs.

With the side strip facing up, place the same number of slipped edge stitches on the same pegs.

With a new strand of yarn, work the basic BO to seam the edges together and remove them from the loom. Place new edge stitches on the loom as you work the BO until all the edge has been seamed together ending at the inside of the ears.

Repeat with the back piece and other edge of the side strip.

Stuff and seam the opening between the ears.

With contrast yarn, sew eyes and nose on with tapestry needle.
